

Your UKIP Candidate for...

Lothingland Division Carl Annison

Dear Resident,

As a current Borough Councillor and a lifelong Lothingland resident, I am already committed to representing our community on a daily basis.

Since the historic referendum result, I personally, as a local working class resident, feel that, more than ever we need a strong voice at County level to move us forward through the exit process. Your support would certainly help secure this.

We all face hardship because of disgraceful Government cuts. We have serious issues here in Lothingland which at times have made me very angry and upset. This is why I must stand at this election; to make real change and make your voice heard.

Over the last four years our UKIP Councillors have made a massive difference at County level and this must continue. At local level I and my colleagues at UKIP have lobbied for and secured from Anglian Water a £3 Million upgrade for Belton and Bradwell, which will commence shortly.

Working around our villages on a daily basis, I am easily approachable and will deal with any issues that may arise. A role at county level will allow me to work on a wider range of issues for you.

I will be available to you all 24 hours a day and 7 days a week - not just at election time.

I hope you can help me to help you.

Cllr Carl Annison

UKIP AT NORFOLK COUNTY COUNCIL

A flavour of what UKIP have been doing and will continue to do at Norfolk County Council;

UKIP spearheaded the implementation process of the more transparent and democratic committee system of governance at Norfolk County Council.

UKIP have chaired two of the major committees at Norfolk County Council with Chairmanship on Environment, Development and Transport and Communities as well as holding the office of Norfolk County Council Chairman for 2015/16.

UKIP Councillors were instrumental in bringing about the end to the Norfolk incinerator contract, a contract that appears to have been signed without the necessary due diligence. The wishes of the local people of Norfolk were not properly taken into consideration.

UKIP Councillor group will continue to scrutinise and question the use of all Norfolk County Council assets to ensure best value practices for the Norfolk rate payer.

UKIP Group continue to work hard with the local community to resolve coastal erosion & flooding issues. It will continue to call for a zero tolerance attitude by our statutory bodies when dealing with crime within our communities.

UKIP councillors believe in putting residents first. We believe in local referenda and the ability of local people to put their communities first. UKIP's NO Whip policy ensures that your UKIP Councillor votes the way the community needs rather than the way the party demands.
