

Your UKIP Candidate for...

Caister-on-Sea Division

Donna Hammond

Dear Resident,

Please allow me to introduce myself as your UKIP candidate for Caister-on-Sea Division.

I was born and raised in Great Yarmouth and for the last 13 years have lived with my family in Caister.

In 2016 I retired from the family business after 30 years and have now the time to take on a new role, one that, through my husband Paul being a councillor, I have realized to be vital to our community.

The role of being your county councillor is something I have not considered lightly. I believe I have the skills developed over my working life to represent you in the way you deserve.

My organizational skills, common sense approach and belief in community spirit will be the foundation of my approach.

In order for me to take up this very important role as your representative at County Hall, I will need you to place your trust and vote with me.

Thank you for your time.

Donna Hammond

UKIP AT NORFOLK COUNTY COUNCIL

A flavour of what UKIP have been doing and will continue to do at Norfolk County Council;

UKIP spearheaded the implementation process of the more transparent and democratic committee system of governance at Norfolk County Council.

UKIP have chaired two of the major committees at Norfolk County Council with Chairmanship on Environment, Development and Transport and Communities as well as holding the office of Norfolk County Council Chairman for 2015/16.

UKIP Councillors were instrumental in bringing about the end to the Norfolk incinerator contract, a contract that appears to have been signed without the necessary due diligence. The wishes of the local people of Norfolk were not properly taken into consideration.

UKIP Councillor group will continue to scrutinise and question the use of all Norfolk County Council assets to ensure best value practices for the Norfolk rate payer.

UKIP Group continue to work hard with the local community to resolve coastal erosion & flooding issues. It will continue to call for a zero tolerance attitude by our statutory bodies when dealing with crime within our communities.

UKIP councillors believe in putting residents first. We believe in local referenda and the ability of local people to put their communities first. UKIP's NO Whip policy ensures that your UKIP Councillor votes the way the community needs rather than the way the party demands.
