

# Your **UKIP** Candidate for...

East Flegg Division

## CLlr Jonathon Childs

Dear Resident,

I have had the honour of serving as your County Councillor for the last four years, during which time I have tried my best to resolve many of the rural issues we face, such as speeding, dog fouling and housing issues.

A large part of my work, as I am sure you are aware, has been dedicated to addressing coastal issues, securing better sea defences and addressing flooding issues around the parishes.

I have attempted to act as quickly as possible on issues that affect you personally as residents, such as anti-social behaviour, street lighting, schools and trading standards issues etc.

I have employed all forms of social media to communicate with residents and keep them informed using text, email and twitter to speed up the issues being resolved.

During the referendum campaign, I represented the views of our area regularly on radio and TV.

I have enjoyed my time as your Councillor and thank you for your vote in 2013, it would be a privilege to carry on that work with your vote and support in 2017.

Thank you

Cllr Jonathon Childs

## UKIP AT NORFOLK COUNTY COUNCIL

**A flavour of what UKIP have been doing and will continue to do at Norfolk County Council;**

UKIP spearheaded the implementation process of the more transparent and democratic committee system of governance at Norfolk County Council.

UKIP have chaired two of the major committees at Norfolk County Council with Chairmanship on Environment, Development and Transport and Communities as well as holding the office of Norfolk County Council Chairman for 2015/16.

UKIP Councillors were instrumental in bringing about the end to the Norfolk incinerator contract, a contract that appears to have been signed without the necessary due diligence. The wishes of the local people of Norfolk were not properly taken into consideration.

UKIP Councillor group will continue to scrutinise and question the use of all Norfolk County Council assets to ensure best value practices for the Norfolk rate payer.

UKIP Group continue to work hard with the local community to resolve coastal erosion & flooding issues. It will continue to call for a zero tolerance attitude by our statutory bodies when dealing with crime within our communities.

UKIP councillors believe in putting residents first. We believe in local referenda and the ability of local people to put their communities first. UKIP's NO Whip policy ensures that your UKIP Councillor votes the way the community needs rather than the way the party demands.
